## **A. GRIEVANCE PROCEDURES**

1. The purpose of this procedure is to produce prompt and equitable solutions to those problems that from time to time may arise and affect the conditions of employment of the employees covered by the Agreement. The Committee and the Association desire that this procedure shall always be as informal and confidential as may be appropriate for the grievance involved at the procedural level involved and nothing in this Agreement shall prevent any such employee from individually presenting any grievance of the employee.
2. A grievance is hereby defined to mean a dispute involving the meaning, interpretation or application of this Agreement.

## **B. LEVELS**

LEVEL ONE: A teacher with a grievance will first discuss it with her/his principal or immediate supervisor, either directly or through the Association's faculty representative, with the object of resolving the matter informally.

LEVEL TWO: If the grievance is not settled within 5 school days after said

discussion at Level One, it may within 5 school days thereafter be referred in writing to the Superintendent. The written statement shall contain:

- (a) A brief description of the action or inaction giving rise to the grievance, and
- (b) Reference to the provisions of the agreement that focus on the issue.

The Superintendent within 5 school days after receipt of the written grievance shall meet with the aggrieved teacher and representative of the Association in an effort to resolve the matter. Member's attendance will not be required in instances where a member has a medical or other hardship, nor will the Association's presence be required should the affected member waive representation.

LEVEL THREE: If the grievance is not settled within 5 school days after said meeting with the Superintendent at Level Two, it may be submitted in writing to the Committee within 5 school days thereafter. The Committee, within 10 school days after the receipt of the written grievance, shall meet with the aggrieved employee and representatives of the Association in an effort to resolve the matter.

If, after closing a hearing, the Arbitrator determines that a conflict between provisions of this Agreement exists with respect to an issue or issues submitted, he/she shall so notify the parties by mail and shall require the parties to submit within a ten (10) days of receipt of the notice, their respective positions, including any documentary evidence with regard to that conflict, and only after such submission shall the Arbitrator rule in favor of one party or the other on such issue(s). Such submission shall include a copy to the other

party, who shall have a ten (10) day period in which to submit a rebuttal statement to the Arbitrator. Failure of either party to submit a timely answer to the arbitrator under this paragraph does not relieve the Arbitrator from making a decision on the issue or issues submitted.

### **C. GENERAL PROVISIONS**

1. If at the end of 15 school days next following the occurrence of any grievance, or the date of first knowledge of its occurrence by any employee affected by it, the grievance shall not have been presented at Level Two of the procedure, the grievance shall be deemed to have been waived and any grievance in course under such procedure shall also be deemed to have been waived if the action required to present it to the next level in the procedure shall not have been taken within the time specified.

When the Association does not represent a teacher, the Association will have the right to be present and to state its views at all stages of the grievance procedure.
6. Any grievance not resolved by the end of school in June will be processed as though school were in session in the summer, each summer work day to be counted as though it were a school day for purposes of proceeding through the Levels.
7. The parties may mutually agree to any extension of time limits set forth herein.

A joint labor management committee will be established that consists of three member appointed by the WTA and three members of administration. 6 hours & 21 minutes

(7:30 a.m. ~ 1:51 p.m.)

(in order to provide one additional minute per passing period)

NOTE: The Committee may adjust the starting and dismissal times by up to five (5) minutes for any elementary school(s) from the times indicated in paragraph 2a above for purposes of coordinating bus schedules. In such event, teacher(s) at said school shall have the option of flexible use often (10) minutes before and ten (10) minutes after in the first paragraph of AI.

- 4 Teachers shall have a duty-free lunch period equal in time to students in their building.
- 5 Planning periods at the various levels shall be consistent with the following:

**(5-A) Elementary**

(5-a-1) When a special subject teacher is in an elementary teacher's classroom, the regular teacher shall have the right to leave at that time for preparation purposes, providing the special subject teacher, upon finishing the lesson, leaves an outline of what she wants the regular teacher to teach in the subject on the weeks the special teacher does not visit the school. Special subject teachers and special education teachers shall be scheduled a comparable amount of preparation time.

(5-a-2) Each elementary teacher shall have 50 duty-free minutes each day. This shall include the lunch period (20 minutes) and the preparation period (30 minutes) for each teacher. Thus, with the traditional 360 minutes provided by the special subject teachers over a two-week period, pending no unforeseen reason to alter these, 660 minutes of preparation time will be provided over a 2-week period, as it currently exists at the elementary level.

(5-a-3) Working Hours and Working Load: Elementary

No teacher will be required to give up his or her duty-free planning period, duty-free lunch period, or recess/morning break for participation on an evaluation team, nor shall any other teacher be assigned the supervision of any additional class.

**(5-B) Middle School & Senior High**

Said teachers shall have at least one (1) duty-free planning period per school day at least equal in length to a normal teaching period.

**(5-C) Preschool**

(5-c-1) The WTA and the District agree that a reasonable preparation and planning time during the work day is important to preschool teachers. Due to the differences from preschool classroom to classroom, a joint labor management committee will be established that consists of three members appointed by the WTA and three members of administration. The Committee agrees to meet prior to the end of the 2018-2019 school year (and on an as-needed basis thereafter) to discuss and plan the schedule for the next school year that allows for reasonable prep and planning time during the preschool teachers work day.

(5-c-2) No teacher will be required to give up his or her duty-free planning period or duty-free lunch period for participation on an evaluation team, nor shall any other teacher be assigned the supervision of any additional class.

(5-c-3) Special Education preschool teachers shall be provided with the appropriate time designated for testing, teacher conferences, team meetings and education plan reviews consistent with ARTICLE 25 ~ CHILDREN'S SERVICES

any school year and shall not exceed two (2) hours each. The type of meeting and the date shall be scheduled at the discretion of the Administration, although at least one of the meetings shall be held in the afternoon, and the Association may give input to the Superintendent as to scheduling. The dates, times and types of such conferences shall be posted by September 15th of each year.

- c. Interim Report Cards shall be issued three times per year.
- d. Pupils' textbooks shall not be collected and stored at the close of the school year until the day before the final day of school for pupils unless otherwise directed by the principal.

## **7 Teacher Load in Middle School & High School**

A preparation is defined as a course taught at a specific level. Present levels are: Enhanced competency (E C); Academic, Honors and Advanced Placement.

- b. The teachers will be given their schedules for the following year before the students have access to their schedules. The master schedule of teaching at the High School and teaching and duty assignments at the Middle Schools shall be posted in a visible location in each school at the secondary level by the last day of school in June.
- c. The regular load of high school teachers shall be six (6) assignments per day, no more than five (5) of which shall be teaching assignments based upon a seven (7) period day.
- d. Based upon an eight period day at the middle school level a teacher on a daily average, based on a full week's schedule, shall have the following schedule: five (5) classes in one's assigned academic subject area; at least one duty-free planning period; one team meeting period to be utilized for team meetings as needed; an "interest" period to be utilized for learning opportunities for students as determined by the team and the principal.
- e. Middle School Schedule Review Group: A joint labor management

committee will be established that consists of five members appointed by the WTA and five members of administration. This committee will conduct an as needed review to evaluate the Middle School schedule. Such review group may make recommendations for potential changes to the schedule for the next school year, however any proposed changes that impact working conditions, will be subject to bargaining and ratification by the WTA Middle School members prior to implementation.

8. **The teaching load for Elementary Special Area teachers** shall be an average, over the course of a five-day week, of 270 minutes of instructional time per day. Such figures shall include travel time between classrooms and/or between schools.
9. In addition to any other early release days scheduled by the Superintendent, at the elementary level there shall be five (5) early release days per year for such purposes as parent conferences, tutoring or meetings involving groups of teachers. The agenda, schedule and times of such early release days shall be worked out between designees of the Association and the Committee. Notification will be provided to staff, districtwide, no less than 2 weeks prior to professional development days as to the specific plans and agenda for those days.

Beginning in the 2008-2009 school year, in addition to the five (5) early release days stated above, elementary teachers will receive one (1) more early release day, bringing the total number of early release days to six (6) on a date to be assigned by the administration, for preparing progress reports, parent conferences or report cards.

#### **ARTICLE 4 ~ SPECIALISTS**

- A. The Committee recognizes its responsibilities in providing the necessary teaching personnel and supplies to maintain and improve the instruction and education of the students. The Association is encouraged to make suggestions through the appropriate channels for additional personnel as would best aid in developing the program.
- B. There shall be adequate supplies in every school to eliminate transporting supplies from school to school and, whenever possible, there should be a designated space to securely store such supplies in each building.
- C. Teachers, including those in the special subject areas of art, health, library,

special education, music, physical education, remedial reading, related services, foreign language, guidance and Title I, shall teach in a properly equipped area whenever circumstances permit.

## **ARTICLE 5 ~ TEACHER EMPLOYMENT AND RESIGNATION**

- A. At least half credit shall be given teachers for previous teaching experience upon initial employment in Woburn provided they meet existing requirement of the Salary Schedule and ninety (90) days for each full year of experience. Any teacher who was hired and began their service during the school year will be granted their increment the following September provided they were employed ninety (90) days or more in that year. Day-to-day substitute service shall not be counted as part of the ninety (90) days required for a year of teaching credit.
- B. After September 1, 1971, teachers with previous teaching experience in the Woburn School System, will, upon returning to the System, receive at least half credit for each full year of experience of the Salary Schedule for all outside teaching experience, up to a maximum set forth in Section A above. Teachers who have not been engaged in teaching on a fulltime basis will, upon returning to the System, be restored to the next position on the Salary Schedule above that at which they left, provided their last term of employment in Woburn included ninety (90) days of continuous employment or a lesser number of days at the discretion of the Committee.
- C. Resignation ~ Teachers intending to resign shall give at least four (4) week notice, but no resignations shall be expected to take effect during May or June except on account of incapacity to teach. Teachers who plan to resign or retire at the close of school each June should submit their resignation on or before February 1st in order that the Superintendent and the School Committee may fill the position at or before the April Meeting.
- D. Deductions for Absences ~ Deductions for absences for all teaching personnel, whether for business or illness, shall be made on the basis of the actual length of the teacher work year. For example, if the teacher work year is 180 days, the deductions shall be based on 1/180th of the annual salary. If it is necessary to make a deduction prior to the determination of the actual length of the teacher work year (see Article 20) the deduction shall be  $1/180^{\wedge}$  of the annual salary, with the appropriate adjustment in pay made in the affected teacher's last paycheck of the work year in order to reflect the actual length of the teacher work year.
- E. A permanent substitute teacher shall become a member of the bargaining unit after twenty (20) consecutive days in the same position. If there is an authorized absence within the twenty-day period, the period shall be extended

by the same length of absence before the substitute can become a member. Said employee shall be placed on Step One of the horizontal salary column where they would be based on credits. Time served as a permanent substitute (90 days or more), shall count toward salary credit for the following September if an individual teacher is hired to a full-time teaching position.

- F
- I. Seniority ~ Seniority as used in this Agreement for the purposes of entitlement to benefits, teacher assignment, transfers, filling vacancies, promotions, re-employment, layoff and/or abolition of positions, is defined as the length of continuous professional employment in the Woburn School System, measured from the first day for which compensation was received. Time spent on paid leaves or leaves authorized the statute shall neither interrupt nor be deducted from one's seniority, but time on unpaid leaves (except authorized by statute) shall be deducted from seniority but not interrupt seniority. In the event that it is necessary to break a tie in seniority, educational advancement on the salary schedule shall be determinative. If a tie still exists and it is necessary to break the tie, lot shall be determinative.
  2. Effective September 1, 1984, any member(s) of the bargaining unit working less than full time shall receive seniority credit on a pro rata basis. The following examples are cited:
    - (a) A teacher teaching a single kindergarten session daily would be employed on a half-time basis and receive a half year of seniority for a year of such service.
    - (b) For two teachers equally sharing a single position, each would be employed on a half-time basis and receive a half year of seniority for a year of such service, and
    - (c) A teacher employed to teach three (3) courses in the high school and/or middle school would be employed on a three-fifths basis and receive three-fifths of a year of seniority for a year of such service, etc.

NOTE: The amount of seniority pro-rated is based on the same fraction used to determine the annual salary and length of time worked.

- G
- Horizontal Salary Movement ~ By December 1 of the school year prior to the school year in which a teacher anticipates having enough credits to move from one column to another, the teacher shall notify the Business Office of the likelihood that they shall have enough credits for column movement by the beginning of or during the next school year. Implementing movement to the new column shall be as follows:

1. When the requisite course work has been completed by September 1, the salary of the new column shall commence with the first paycheck in September.
  2. When the requisite course work has been completed between September 2 and February 1, the salary of the new column shall commence with the first paycheck in February.
- H. Any teacher who was hired part-time or who voluntarily changed to a part-time position but who wished for the following year to have increased part-time status or full-time status shall notify the Superintendent by March 1.
- I. Any teacher who was hired part-time or who voluntarily changed to a part-time position but who wishes for the following year to have increased part-time status may make application for posted vacancies as established in Article Seven.

#### **ARTICLE 6 ~ TEACHER ASSIGNMENT**

- A. I. Except in unusual or unforeseen circumstances, preschool, elementary and middle school teachers will be notified in writing of their programs for the coming school year, including the schools to which they will be assigned and the grades and/or subjects that they will teach, at least three (3) days prior to the last day of school in June.
2. High School teachers' teaching programs for the coming school year, including grades and subjects that the teachers will teach, but not necessarily the actual schedule or number of sections, will be posted on a departmental basis in each department at least three (3) days prior to the last day of school in June. These programs may be subject to change under unusual or unforeseen circumstances.
- B. In order to assure that pupils are taught by teachers working within their area of competence, every effort shall be made to assign teachers within the scope of their state teaching certification.
- C. In arranging schedules for teachers who are assigned to more than one school, the amount of inter-school travel will be limited wherever possible according to the teaching programs prepared by the Superintendent of Schools.
- D. Teacher assignments will be made without regard to race, creed, color, religion, nationality, sex, marital status, age, sexual preference or activities within the Association.

**E. Duties Other Than Classroom Teaching**

Teachers in addition to their services as classroom teachers shall assume as part of their obligations, and without additional compensation, such additional duties as may be assigned to them during school hours as defined in Article Three. In addition to teaching, each teacher is subject to assignment by the Principal to responsibility for a portion of the miscellaneous services and activities of the school. Unless compensation for extra duties is expressly provided for, such assignment is to be considered as much a part of the teachers' normal load as actual classroom teaching. The intention of this rule is that every teacher shall assume some responsibilities in addition to their classroom teaching and shall cooperate in this way, in the varied activities of the schools.

Pursuant to the above, classroom teachers may be required to handle money for non-educational purposes such as insurance and class pictures, but they shall not be held financially accountable by the School Department for inadvertent loss of such money. All assignments made under this section shall be made on a reasonable and rotating basis. Teachers shall not be responsible for collecting, managing or tracking tuition payments.

- F. All classroom teachers regularly scheduled to travel between two or more schools, including special teachers, shall be provided transportation reimbursement at the business use rate established by the IRS which in no event shall be less than thirty cents (\$.30) a mile for all miles they are so scheduled to travel. Payment of this allowance will be made in two installments during the school year.

**ARTICLE 7 ~TRANSFERS AND VACANCIES**

**A. Posting and Filling of Vacancies**

1. Whenever a permanent vacancy in a professional position occurs in the Woburn School System, as determined by the Superintendent, such position will be adequately publicized by the Superintendent by means of a notice to every school and by electronic mail to each member of the faculty, at least ten (10) days prior to the closing date for applications.
2. Such notices shall set forth clearly all requirements {including certifications, degree(s) and experience}, duties, application deadline, and other pertinent information. No application shall be accepted after the closing date stated in the notice of vacancy, however, the Superintendent reserves the right to extend the deadline, with appropriate notification as stipulated above.

3. All teachers will be given adequate opportunity to make application for all available positions. When, in the judgment of the Superintendent, the qualifications of internal and external candidates are substantially equal, strong consideration shall be given to qualified teachers already employed by the District. Internal applicants not chosen shall, upon request, be provided a verbal explanation for the selection of the successful applicant.
4. Every reasonable effort shall be made to fill such positions as promptly as possible after the closing date for applications particularly in any instance where the position is critical to the proper functioning of the School System.
5. If the qualifications and duties set forth for a particular position are changed between posting and hiring, The Woburn Teachers Association shall be duly notified in advance.
6. For positions involving the supervision of shower and dressing facilities for physical education, only teachers of the appropriate gender will be eligible.
7. A temporary vacancy shall be defined as a position to which a unit member on leave has a claim pursuant to Article Ten or Eleven. These positions shall be advertised and/or filled as temporary vacancies and must be posted and filled should they become permanent.

**B. Voluntary Transfers ~**

1. A teacher desiring a transfer will submit a written request to the Superintendent with a copy to the teacher's principal stating the assignment preferred and reasons for the request for transfer.
2. Transfers normally will become effective at the beginning of the next school year.
3. Teachers will qualify to be considered for a transfer only after meeting required professional development activities as determined by the Superintendent.
4. All such requests will be acknowledged in writing.
5. The Principal can approve voluntary transfers within an elementary school, or at the secondary level within a department and building, without being posted.

## **C. Involuntary Transfers**

### **1. Involuntary Transfers When There Is a Change in Student Population ~**

- a. When a reduction in the number of teachers in a particular school is necessitated by a change in the student population or other unusual circumstances, qualified volunteer(s) from that school for other position(s) will be sought by the administration prior to taking steps toward an involuntary transfer.
- b. When an involuntary transfer is necessitated, the least senior teacher in the affected school shall be transferred (Seniority as defined in Article Five, FI).
- c. When a decision has been reached on such involuntary transfer, the teacher so transferred will be notified in writing of the decision by May 15, when deemed possible by the administration.

### **2. Involuntary Transfers for Other Reasons ~**

- a. When an involuntary transfer is necessitated by some reason other than a reduction in pupil enrollment in a particular school, a teacher's area of competence, major and /or minor field of study, length or service in the Woburn Schools, and other relevant factors shall be considered in determining which teacher(s) will be transferred.
- b. Notice to transfer a teacher involuntarily under this subsection shall be given to the affected teacher, in writing, including a statement of reasons therefore, as soon as practicable, and except in cases of emergency no later than June 15.
- c. Any involuntary transfer under this subsection shall be made only after a meeting between the teacher involved and the Superintendent, or their designee. The teacher may, at the option of the teacher, have an Association representative present at such meeting.

## **ARTICLE 8 ~POSITIONS IN SUMMER SCHOOL, EVENING SCHOOL AND UNDER FEDERAL PROGRAMS**

publicized as soon as possible. Teachers will be notified of tentative appointments as soon as possible. Regular appointed teachers in the Woburn School System shall be considered for positions in the Woburn Summer School and Evening School including Federal Funded Programs.

- B. In filling such positions, the decision will be based upon the teacher's educational degree(s) in the area of competency, major and/or minor field of study, quality of teaching performance, length of service in the Woburn School System, and in regard to Summer School and the Evening School positions, previous Woburn Summer School or Evening School teaching experience.
- C. Summer School teachers shall be paid bi-weekly with the final summer school check to be paid on the last day of Summer School, except that the final paycheck will be withheld if any adjustment is necessary.

- B. The Association shall have the opportunity to announce but not discuss building membership meetings and matters under consideration at regularly scheduled faculty meetings.
- C. The Association shall have permission to use school facilities, when not otherwise used for educational purposes, for appropriate educational activities of the recognized association as approved. Rental application forms must be filed with and approved by the Superintendent of Schools.
- D. The Association shall have access to teachers at their place of assignment after the pupils have been dismissed at the close of the day.

## ARTICLE 25 ~ CHILDREN'S SERVICES

- A. Accordingly, the Committee shall continue to fund a comprehensive psychological services program. The parties further agree that, to the extent that demonstrable results of value flow from this program or portions thereof, the expansion of this program or portions thereof warrant the very highest priority as far as commitment of available funds for school purposes is concerned. The Committee and Administration will welcome constructive and well- researched suggestions from the Association and/or any teachers (including RSP's and other bargaining unit members) as to possible improvements in the program.
- B. The Committee and the Association recognize that teachers are an integral part in the evaluation of children with special needs. Participation by teachers on the evaluation team is essential. It is therefore agreed that:

The current number of days in the sick bank as of the ratification of this contract will be placed in the agreement for historical purposes.

A teacher who has received a grant from the Sick Leave Bank will, upon their return to regular teaching duties, receive five (5) sick leave days from the Bank to be used in the event of illness during the remainder of the school year. Days not used will be returned to the Bank on the last day of school.

- 7-12 GROUP: Business Education, English, Foreign Language, Health, Home Economics, Industrial Arts, Math, Science and

Social Studies.

**Note:** In order for a teacher with a K-8 certification who has a 7th and/or 8th grade assignment to be placed on a seniority list in a department in the 7-12 group above, such teacher must already be certified or must become certified for the 7-12 department in which they are teaching.

**C. Reduction Procedures**

1. To the extent deemed fiscally responsible to the Committee normal attrition will be used to accomplish any reduction in force, that is, teachers who resign will not, except where necessary, be replaced by teachers new to the System.
2. Reduction in force for all professional status professional staff shall be by inverse seniority within departments subject to qualifications as defined in Section B2 above, except in unusual circumstances, including but not limited to possessing the training and/or experience necessary for the position involved. In making such an exception, the Committee shall give due weight to length of service, professional training, quality of teacher performance, prior evaluation, experience within a given discipline and the needs of the school, and shall act reasonably.
3. A professional status teacher reduced pursuant to Section C2 above shall be able to cross departmental lines to replace a less senior teacher for whose position they are qualified pursuant to Section B2 if:
  - (a) The less senior teacher does not have professional status pursuant to applicable law, or
  - (b) The more senior teacher has taught a majority of their assignment for at least one year in the preceding five (5) years in the department into which they are moving, or

5. Teachers reduced from staff shall be given preference on the substitute list in areas for which they are qualified, if they desire and so indicate in

writing, subject to the established policy on substitutes.

6. Professional status teachers affected by a layoff will have the right to recall for positions for which they are qualified as defined in Section B2 above. The order of recall shall be established on the basis of the same considerations, as set forth in Section C2 above, used to establish the order of the layoffs for purpose of recall for the next school year. The seniority lists shall be frozen as of the first Thursday in June or the date of layoff, whichever is later. The right to recall will apply to all open and available vacancies which would allow the teacher to actually begin work within a four-year period beginning the first teacher work day in September of the year in which the layoff takes effect. In order to maintain eligibility for recall for any vacancy that might arise during the balance of the school year or for the ensuing school year, a teacher on layoff shall notify the Superintendent via registered mail between January 1st and March 1st. If a position opens, the Superintendent shall send notification via registered mail to the last known address of the teacher. The teacher shall have 14 calendar days in which to say "yes". If the laid-off teacher answers "no" or if there is no response within said 14 days, the Superintendent shall go to the next teacher on the list, whereupon these notification procedures shall apply. Teachers recalled to a vacant position in Unit A after the second Friday of the school year are to remain in the position to which recalled for the remainder of the school year.
7. A new teacher will not be hired for a position a teacher on recall or about to be put on recall status is qualified to fill.
8. All benefits that existed at the time of layoff will be restored to a recalled teacher effective at the time of recall.
9. (a) The notice specified in Section C4 shall be treated as the notice required by G.L. c.71 Section 42.  
  
(b) As a result of the notice specified in paragraph 1 above, and in order best to protect her or his rights under G.L. c.150 Section E., a professional status teacher's recall rights under this Article of the Agreement are contingent on the professional status teacher's signing a written waiver by June 1st of their statutory hearing rights under G.L. c.71 Section 42 and their statutory appeal rights under Chapter 71, Section 43A. For any teacher signing the waiver as provided above, the Committee shall vote in June "dismissed to effectuate a layoff, including recall rights under Article 27 of the collective bargaining agreement as amended, said dismissed to be effective at the end of the recall period unless earlier recalled," for a professional status teacher

not signing timely the waiver, the Committee shall vote "dismissed effective at the end of the current school year" (with no attendant layoff recall rights under the Agreement). Signing such a waiver does not prevent an employee from grieving the method of selection of layoff under this Article. In the event of recall, the initially signed waiver is null and void for any subsequent termination of employment. A waiver is attached hereto (Appendix A).

- (c) The dismissal vote to effectuate a layoff (as specified in paragraph 2 above) shall be treated as a vote to place the laid off teacher on an involuntary leave of absence without pay from the day after the last workday through the end of the recall period (unless earlier recalled) as specified in paragraph 2 of Section C6 of this Article of the Agreement, during which involuntary leave of absence the laid off teacher shall retain their professional status to the extent permitted by law and all applicable rights under the Agreement. Such teacher shall be eligible to remain in the group health insurance plan to the extent the law permits by paying the full monthly premium to the city. It is the intent of the Committee that the teachers who are placed on involuntary leave of absence status shall be eligible for unemployment compensation to the extent permitted by law.
- (d) If any provision or application of this Amendment to the Agreement shall be found contrary to law, statute, or valid regulation, then such provision or application shall not be deemed valid and subsisting, except to the extent permitted by law, but all other provisions or applications will continue in full force and effect and the parties specifically further agree then to take all steps within their legal power to effectuate to the maximum extent possible in a legally permissible manner the object(s) and purpose(s) of this Agreement as set forth below:
  - 1. To provide professional status teachers who are laid off with professional status or professional status-like long term job security protections during their recall period, and professional status after any recall.
  - 2. To permit professional status teachers to be covered by applicable collective bargaining Agreement provisions during their recall period.
  - 3. To effectuate a layoff process that will minimize if not avoid the uncertainty and resulting educational disruption to student so changing teachers during the school year

and minimize if not avoid any back pay costs during a difficult financial year that might otherwise arise out of a court determination that the School Committee misinterpreted or misapplied any right or obligation or any other aspect of G.L. c.71, Section 42 or any other professional status law provisions.

**APPENDIX A  
Waiver**

I, \_\_\_\_\_ understand that I am being laid off by the Woburn School Committee.

I understand that I am being placed on involuntary unpaid leave of absence until the end of the recall period during which I have recall rights as provided under the collective bargaining Agreement, as attended, between the Committee and the Woburn Teachers Association and during which I retain statutory professional status rights to the extent permitted by law. I understand also that from the beginning of my involuntary unpaid leave of absence I am eligible for unemployment compensation to the extent permitted by law.

I understand that if I have not been recalled during the leave of absence, at the expiration of such leave my employment terminates.

I hereby agree not to exercise and I hereby waive my statutory hearing rights under G.L.c.71, Section 42 and my statutory appeal rights under G.L.c.71, Section 43A in order to protect my contractual rights under G.L.C.150E.

In the event of my recall this release is null and void for any subsequent termination of employment.

This waiver consists of the above plus all of the provisions including paragraph (d) of the attached agreement between the Woburn School Committee and the Woburn Teachers Association which I have read and which I agree are binding on me as well as on the School Committee and Teachers Association.

**ARTICLE 28 ~ GENERAL**

- A. The School Committee and the Association agree that no party to this Agreement shall be subjected to any reprisals or encumbrances in any form, because of the events occurring between March 31, 1970 and April 3, 1970, involving the alleged work stoppage occurring in the Woburn School System.

- B. Teachers will be entitled to full rights of citizenship and no religious or political activities of any teacher, or the lack thereof, will be grounds for any discipline with respect to the professional employment of such teacher.
- C. Full performance of school year ~ All teachers covered by this Agreement agree to work (except for excused absences) and the Committee agrees to pay for a minimum of work days as follows:

2018-2019	182 ½ days
2019-2020	182 ½ days
2020-2021	182 ½ days

The Committee agrees that the compensation of each teacher for such 181,182 and 182 1/2 days shall be the total annual salary to which each teacher was entitled in accordance with their placement on the salary schedule effective in the Woburn School System for the 2018-2019, 2019-2020, 2020-2021 school years.

- D. The professional employees of the Woburn Public Schools shall receive the salaries as hereafter provided under Appendix A-1, A-2 and A-3.
- E. - F. There shall be no reprisals of any kind taken against any teacher by reason of their membership or non- membership in the Association or participation or non-participation in its lawful activities.
- G. If any provision of this Agreement or any application of the Agreement to any employee shall be found contrary to law, statute or valid regulation then such provision or application shall not be deemed valid and subsisting, except to the extent permitted by law, but all other provisions or applications will continue in full force and effect.
- H. It is understood that no member of the bargaining unit shall be compensated with compensatory time.
- I. Licensure reimbursement for license(s) used for teaching assignment – each year 20% of the staff shall receive a reimbursement of \$100.

## **ARTICLE 29 ~ SCHOOL COMMITTEE RIGHTS**

Subject to the provision of this Agreement or any supplement thereto, the Committee and the Superintendent of Schools reserve and retain full rights, authority and discretion, in the proper discharge of their duties and responsibilities, to control, supervise and manage the public schools and their professional staff under governing law, ordinance rules and regulation. In all matters under this Agreement calling for exercise of judgment or discretion on the part of the committee, the decision of the Committee shall be final and binding if made in good faith i.e. not arbitrarily, capriciously or without rational basis in fact except where some other standard of grievability or arbitrability is set forth in this Agreement.

## **ARTICLE 30~ COMPENSATION AND OTHER CONDITIONS OF EMPLOYMENT**

Subject to the provisions of this contract (and except as otherwise provided) the wages, hours, and other conditions of employment applicable on the effective date of this contract to the employees covered by this contract shall continue to be so applicable for the duration of the contract.

## **ARTICLE 32 ~ EARLY RETIREMENT INCENTIVE**

- A. In recognition of dedicated service to the children of Woburn, any teacher covered by this Agreement who has taught for 20 or more years in the Woburn School System may obtain an incentive payment for their final year of teaching by following this established procedure.
- B. Eligible teachers who desire to participate in this program will notify the superintendent by October 1 of the year of retirement of their intention to retire under the provisions of the Massachusetts Teachers Retirement Act. If such notice is submitted by October 1, then the Teacher (or their estate in the event of death) shall receive the incentive payment of \$6,750. The incentive payment will be made after the effective date of retirement.
- C. In lieu of the above plan, a teacher who will have retired at age 62 or earlier and who provides sufficient early written notice to the superintendent as to the school year at the end of which they intend to retire (under the provisions of the Massachusetts Teachers Retirement Act) will receive a deferred payment of \$2,750 for each of the last three years of teaching. Thus, the teacher who provides notice by October 1 of his/her third -to -last year of teaching shall receive a deferred lump sum incentive payment of \$8,250 payable to the teacher (or to his/her estate in the event of death) after the effective date of retirement.

- D. The payment of these monies under Section B and C above will be made either at the end of the then current fiscal year or at the start of the next fiscal year, at the option of the School Committee. If the individual's date of retirement is after July 1, then the individual will have the option of receiving this payment after the following January 1 for tax purposes. Once an individual submits a notice of retirement, and the Committee has formally accepted the retirement, a withdrawal of such notice shall not be allowed except when it is document by greatly changed circumstances.

### **ARTICLE 33 ~ MIDDLE SCHOOL**

Sixth grade teams generally will be made up of two teachers, along with specialists as "satellite" members; seventh and eighth grade teams will be made up of five (5) teachers, along with specialists as "satellite" members.
- B. Special area teachers and guidance counselors in the middle school shall be assigned to a team. As team members, they shall have all of the responsibilities of a team member.
- C. A guidance counselor will meet with the students individually, or in small groups, or in large groups as indicated by the principal.

Included in this exception are teachers from the 7-12 Group teaching sixth grade middle school special subjects (as distinct from "core" academic subjects) of, but not limited to, home economics, industrial arts, foreign language, health, math (computer only), and social studies (Geography).
- H. The "interest" period, for which the time will be scheduled by the principal, will be a common period school-wide for all students or will be a common period

- I. There will be a homeroom period scheduled into each day. The homeroom teacher acting as advisor in an advisor/advisee relationship with students shall be at the discretion of the teacher.

#### **ARTICLE 34 ~ TUITION REIMBURSEMENT**

1. Tuition reimbursement line item will be increased from \$25,000 to \$50,000. Teachers shall be eligible for up to \$1000 per course for a maximum of 3 courses per year.

Teachers interested in reimbursement for tuition must submit completed forms by May 1st of each year (including application for reimbursement form, proof of payment and a copy of your final grade). If a course is taken for college credit, the grade received must be a B or better.

The Course or workshop must be in the area of certification in which the teacher is currently working and certified, or in an area where the teacher plans a class/grade movement in a future year. A committee composed of the Assistant Superintendent for Curriculum, two teachers appointed by the WTA and two administrators will review the applicants and determine the amount of reimbursement each shall receive. The decision of the committee will be final.

The money will be distributed each year by the following criteria:

1. The total amount that is available that year
2. The number of applicants that submit completed forms

The amount of reimbursement received by an individual applicant will be based on the amount of money they have spent. Funds must be directed toward tuition payment rather than related expenses.

#### **ARTICLE 35 ~ PROFESSIONAL PRACTICE/DEVELOPMENT**

Money provided by the State of Massachusetts for the City of Woburn for Professional Development will be used for Professional Development courses.

A Committee composed of the Assistant Superintendent for Curriculum, three (3) teachers appoint by the WTA, one (1) School Committee member and one (1) administrator, will review professional development opportunities proposed by the administration, working towards ensuring that all levels and subject areas are

communicated with and aware of the opportunities. The Committee will meet at least twice each year, once in November for opportunities offered after January and once in May for opportunities offered for the following year. The Superintendent (or his designee) will have final approval.

A joint Professional Practice Committee, consisting of up to six members appointed by the School Committee and up to six members appointed by the Woburn Teachers Association will convene on a monthly basis, after school hours, to address matters of mutual concern. This committee will be empowered to make recommendations to the School Committee regarding the establishment of budget priorities; however, the School Committee shall retain final authority over the budget in accordance with the law. This committee will also attempt to resolve contract interpretation issues in a timely way; however, the contractual grievance process will remain in full force.
